

Maintenance Specialist – Tracks

Do you want to help ensure a well-functioning, sustainable, and reliable metro and light rail system in Copenhagen?

At Metroselskabet, we are looking for a **Maintenance Specialist** to join our **Operation & Maintenance (OPM) team**, playing a central role in maintaining the tracks in our metro and light rail systems. We emphasize collaboration, quality, and development – and we believe that diversity strengthens our solutions.

Your Role

As a **Maintenance Specialist**, you will:

- Ensure and improve the quality of track maintenance.
- Conduct inspections and follow up on track activities to ensure compliance with documentation and plans.
- Collaborate with suppliers and colleagues to optimize track maintenance.
- Contribute to improvement proposals and investment considerations based on data and insights.
- Maintain a strong focus on safety in all aspects of the work.
- You will play an important role in ensuring strong collaboration with our suppliers and shaping Metroselskabet's future maintenance strategy with a focus on efficiency and sustainability.

About You

We are looking for a colleague who:

- Works in a structured manner and thrives in a collaborative environment.
- Has an analytical approach and a strong sense of quality.
- Communicates effectively – both with technical and non-technical stakeholders.
- Has a background in tracks, engineering, maintenance, or other relevant experience.
- Is proficient in English, both written and spoken.

Your exact background is not the most important factor; what matters is your willingness to learn, develop, and be part of a team where we succeed together.

What We Offer

- A responsible role in a dynamic environment, where you will have the opportunity to influence the future maintenance strategy.
- An inclusive work environment with room for new ideas and perspectives.
- Opportunities for professional and personal development.

Quote from Allan Claville, Maintenance Manager at Metroselskabet:

"The dynamic environment allows for solutions and ideas from all parts of the organization, which gives me great initiative and motivation."

Want to Know More?

Contact **Allan Claville** at **+45 7242 4604** for further information.

Send your application as soon as possible and no later than **April 13, 2025**. We conduct interviews on an ongoing basis.
